Right Fit Solutions by Avery Dennison
Hang Tag Adhesives

Two Adhesives for Your Hang Tag Application Needs

Engineered to perform on all types of materials, surfaces and hang tag plastics – Avery Dennison hang tag adhesives offer the performance you need.

Universal high performance adhesive

This versatile adhesive is ideal for applications requiring consistent adhesive performance on hang tag plastics and substrates. It provides excellent adhesion to all types of materials and combines high tack and adhesion with excellent shear strength.

Low temperature high performance adhesive

Our low temperature adhesive can be applied at temperatures as low as 20°F and provides clean removability and excellent cold temperature performance capable of withstanding temperatures from -35°F to 225°F.

Universal high performance adhesive

BENEFITS:

- All-purpose adhesive
- High tack
- High adhesion
- Excellent shear strength
- Excellent die cutting and dimensional stability
- Excellent adhesion to low surface energy substrates such as polyethylenes, polypropylene, PVC, wax coated boxes and Cryovac® films

Low temperature high performance adhesive

BENEFITS:

- Excellent cold temperature performance
- Use in freezers and coolers
- Economical, excellent price performance ratio
- Superior performance on a variety of surfaces
- Designed for easy converting

Bonding performance for a variety of Hang Tag plastics

- Polypropylene (PP)
- Polyvinyl Chloride (PVC)
- High Density Polyethylene (HDPE)
- Recycled High Density Polyethylene (RHDPE)
- Polyethylene Terephthalate (PET)
- Polyethylene Terephthalate Glycol (PETG)

Bonding solutions for a wide range of surface materials

- Plastic
- Paper
- Shrink wrap
- Cryovac® films
- Wax coated boxes

Our skilled teams of application technical service engineers, sales and customer service are here to address your application challenges. We use our experience to innovate and create cost-effective, high quality products.

- Over 40 years of extensive technical expertise in pressure-sensitive adhesives
- State-of-the-art labs to test and develop
- ISO 9001:2008 certified
- On-site application support by our team of application technical service engineers
- We engineer your solution
- We deliver your finished product
- We work with you on your next generation ideas

Retain shelf appeal; help your customers connect with their customers.
