

Pressure-sensitive tapes and lamination adhesives for durable labels, signage, and point-of-purchase applications

Mounting and Attachment Tapes

Suited for signage and graphics applications that require bonding to surfaces, such as glass, metal, plastic, wood, paper and other materials.

Sign makers, exhibition services and designers worldwide are challenged to provide the best quality signs and graphics for the intended use, whether they are permanent or removable, need to be weather resistant, or made of cardboard. Avery Dennison offers an extensive portfolio of adhesives designed for adhering vinyl, film and other items to a range of substrates. These materials can result in more aesthetically pleasing installations, easier mounting and efficient maintenance.

FEATURES

- > High initial and final bond strength, including on patterned or rough surfaces
- > Bonds dissimilar materials with different thermal expansions
- > Weather and UV resistant, including in extreme heat and cold conditions
- > Resistant to chemicals, such as: plasticizers, gasoline, and salt water
- > Holding power under high temperature, stress and load
- > Transparent tape options

BENEFITS

- > Bonds and seals in one operation
- > Quick and easy installation without tools
- > No curing time as with liquid adhesives
- > Helps eliminate corrosion sites that occur when screws and bolts are used
- > Opportunity to use lighter weight materials
- > Can help accelerate the production and assembly process

Mounting and Attachment Tapes

Product	Adhesive	Construction	Carrier	Thickness	Liner	Applications	Features and Benefits
AFB 6111G	General-purpose Acrylic Foam	Acrylic Foam Tape	Grey Acrylic Foam	43.3 mil	Red PE with Avery Dennison Logo	Outdoor sign mounting; Bonding/attachment for outdoor applications	<ul style="list-style-type: none"> - Moisture and UV resistant for outdoor applications - Thickness to provide gap filling - Shock absorbtion
AFB 6610C	General-purpose Acrylic Foam	Acrylic Foam Tape	Clear Acrylic Foam	39.4 mil	Red PE		<ul style="list-style-type: none"> - Clear color for window/glass applications - Moisture and UV resistant for outdoor applications - Gap filling and shock absorbtion
FM 2454	Moisture-resistant Acrylic	Double Coated	1/32" Black Foam	35.2 mil	60# White Kraft	Mounting signs; plaques; point-of-purchase displays	<ul style="list-style-type: none"> - Environmental resistance - Fit for outdoor use - Self-wound construction allows for rapid off-site construction and "peel and stick" applications
FM 2132	High-shear, General-purpose Rubber	Double Coated	1/32" White Foam	36 mil	60# White Kraft		<ul style="list-style-type: none"> - For indoor signage - Self-wound construction allows for rapid off-site construction and "peel and stick" applications
HPA 1902	Moisture-resistant Acrylic	Lamination Adhesive (Transfer Tape)	N/A	2.4 mil	84# Poly Coated Kraft (printed) -or- 2.0 mil Clear PET	Multi-layer banners and signs; mounting nameplates and signs; laminating adhesive; general purpose bonding; point-of-purchase displays; durable labels	<ul style="list-style-type: none"> - UV resistance - Plasticizer resistant - High temperature resistant
HPA 1905	Moisture-resistant Acrylic	Lamination Adhesive (Transfer Tape)	N/A	4.9 mil	84# Poly Coated Kraft (printed) -or- 2.0 mil Clear PET		<ul style="list-style-type: none"> - Excellent "holding power" under stress and load with environmental resistance - UL(R) 969 and UL 746c recognized
FT 3043	LSE-modified Acrylic	Lamination Adhesive (Transfer Tape)	N/A	4.0 mil	Dual Liners: 2.0 mil Clear PET and 60# White Kraft		<ul style="list-style-type: none"> - Dual liners for ease of processing - Excellent adhesion to polyethylene substrates and low surface energy (LSE) materials - Chemical resistant
FBR 8950	General-purpose Acrylic Foam	Double Coated	PET	4.0 mil	80# White Kraft -or- Natural 12pt Board	General-purpose mounting and bonding; ideal for foam board signs	<ul style="list-style-type: none"> - Fit for indoor applications - High initial tack
FBA 8960	General-purpose Acrylic Foam	Double Coated	PET	4.0 mil	80# White Kraft -or- Natural 12pt Board		<ul style="list-style-type: none"> - Fit for outdoor applications - High tack acrylic
FT 7770 X	Low-VOC Acrylic	Double Coated	Nonwoven	6.2 mil	Havana Glassine		<ul style="list-style-type: none"> - Bonds well to vinyl substrates - Extremely high initial tack - Economical low VOC acrylic
FT 7329 X	Low-VOC Acrylic	Double Coated	PET	3.7 mil	Havana Glassine		
FT 8306	Permanent / Removable	Double Coated	PET	3.6 mil	60# White Kraft	Temporary displays, signs and graphics; point-of-purchase displays; mounting promotional items	<ul style="list-style-type: none"> - Removable acrylic on liner side with general-purpose acrylic on lamination/unwind side
